

## our design fees and other charges:

Today's worldwide businesses aim to profit through the services they provide. We aim to do likewise so that we may raise our service standards onto another level to better serve you.

Due to the differing needs of every client and project, varying levels of expertise are required. As such, conceptualisation & research, planning & coordination, skilled execution as well as time are required on our part to produce excellent quality services. This is why Spot On Design Pte Ltd provides **individual price quotations** for every service requisition.

The extent of chargeable fees are often determined by factors such as **customisation, time required, degree of difficulty and urgency.**

If you have an urgent service requirement, it may cost double or even multiple times the normal chargeable fees. We assure you however, that our urgent services include the very same excellent quality service.

For your convenience, we can coordinate offset or other printing services with our associates.

To enquire more about our services, kindly contact us at (65) 6873 9885 during our office hours on Mondays to Fridays or email us: [colin@spot-on-design.com](mailto:colin@spot-on-design.com)

being **spot** on.
